Mr. Andrew ~~Falkiewicz~~  
Assistant to the Director  
Central Intelligence Agency  
Washington, D. C. 20505

Dear Mr. Falkiewicz:

At the moment I am gathering a selection of pictures to be used in an article on the establishment of the Central Intelligence Agency, which we are publishing in the February, 1977, issue of American Heritage magazine.

I thought that perhaps you might be able to help us with the picture end of the project and have enclosed a list of people we would like to show along with our text. We would also be interested to know if you have on hand any color photographs of the CIA official seal or the CIA building (perhaps even an aerial photo, in color, of the CIA building). Were there any political cartoons made during the formation period--1945-1947--that depict the various experiments with intelligence organization? Needless to say, any information or pictures you can send our way will be greatly appreciated.

My thanks, in advance, for whatever help you can give us. I will give you a call next week and check with you to see if any material will be available.

Yours truly,

Devorah K. Cohen  
Picture Researcher
